

BADGE ARTWORK SIZING SPECIFICATIONS

PLEASE READ INSTRUCTIONS CAREFULLY

Diagram **not** to scale.

Do not measure this diagram.

- 1. Create an outer circle at the specified size for your chosen badge size (see below).**

This circle is larger than the completed badge size and wraps around the edge of the badge. Make sure your background colour extends all the way to this edge.

- 2. Fit your design into the inner circle at the specified size for your chosen badge size (see below).**

This inner circle is where your design should fit into. Any image or text placed outside this line will begin to wrap around the edge of the badge.

TO MAKE A 37MM (SMALL) BADGE

1. Create outer circle at **49mm** (this circle must be printed)
2. Make your design at most **33mm** across and in the centre

TO MAKE A 58MM (LARGE) BADGE

1. Create outer circle at **70mm** (this circle must be printed)
2. Make your design at most **54mm** across and in the centre
